

ZRLK

500A Base Mount Fuse Holder For 60mm Stripe Fuses, 80VDC

FaultTrap ZRLK Base Mount Stud Fuse Holder is designed to accept bolt-down stripe style limiter fuses (80VDC) to protect battery powered equipment such as forklift trucks, hand trucks, motorized work platforms, and other DC battery operated systems.

FaultTrap ZRLK fuse holders are suitable for DIN 43 560 fuse dimensions.

ZRLK insulating material is made of tough and durable UL94 V-0 thermoplastic material.

RATINGS

Rated Voltage	80VDC
Rated Current	500A
